Objectives of webinar:

The details of the CII Industrial Proficiency Aptitude Test was explained. The faculty explained that IPATE is not a placement service, it's an Exam conducted by CII on behalf of Indian industries to recruit Technical talent. LIVE database of successful Candidates will be shared with Indian industries to recruit based upon Grades, Scores and Ranking.

BENEFITS:

- Speed up the process of getting hired in the top Companies
- Find out the best opportunities with minimal time, cost and effort for you.
- Measure your engineering concepts, skills, logic and general proficiency to benchmark yourself with other engineers.
- Awareness about the current opportunities for Engineers
- Technical Skill set required for Hardware and Software Engineering Profiles
- Work culture in Corporate Sector.

Outcome of the webinar:

Students were made aware of the requirements of industry and were motivated to undertake IPATE test.

Benefits to the Faculty members:

- For giving guidance to students
- New job opportunities in emerging areas.

Anjuman College of Engineering & Technology, Sadar, Nagpur. Voter Registration Drive 24th November 2021 (NSS Activities 2021-22)

NSS Program Officer: Dr. Zakir S. Khan

Anjuman College of Engineering & Technology, Sadar, Nagpur, under the banner of NSS had conducted a One Day Activity "Voter Registration Drive" on 24th November 2021. The program was conducted under the guidance of Dr. Zakir S. Khan (NSS Program Officer). On behalf of the Election In charge Mrs. Hema Bade, Deputy Collector, 056 / West Nagpur, 056 / West Nagpur, Govt. of Maharashtra, Mrs. Maya Patil, Naib Tahsildar was the resource person for the program. Mrs. Maya Patil explained the students about the upcoming NMC elections (February, 2022) where they can register their votes. She also explained the protocols and facilities provided by the government for new voter registrations. In her talk she explained that if the student belongs to the same city he/she can apply offline and if not, they can apply online at www.nvsp.in. Mrs. Maya Patil also guided students to fill the EPIC form (Electoral photo Identity Card). Total 135 voter registration forms (Form No. 6, Form No. 7, Form No. 8) were collected from Anjuman College of Engineering & Technology students in this drive.

"Voter Registration Drive" inaugurated by Dr. Syed Mohammed Ali, Principal, Anjuman College of Engineering & Technology, Sadar, Nagpur, and Mrs. Maya Patil, along with Prof. Pramod Gadge, Dean, Admin, ACET, Dr. Sarfuddin Khatib, HOD, CSE, ACE and Dr. Zakir S. Khan, NSS, Program Officer, ACET

SCREEN SHOT

Comparison of Thermal & Solar Power Plant

Why solar power plants?

- In Thermal Power Plant, Three Phase Synchronous Generator installed at shaft bear use mechanical Energy as input & converts it into AC Electrical Energy at its output. For developing mechanical energy, coal as fuel fuel having sufficient calorific value and water is used in the boiler for generating super saturated steam used further in the steam turbine for generating mechanical energy. One thing which should be consider here is that coal flow steam flow, steam pressure all are uncontrollable. By controlling the input parameters (Steam) in thermal power plant, output electrical energy or its associated parameters can be easily controlled in closed loop system.
- Conclusion: Output is controllable in the case of Thermal power plant.
- It is Green form of Energy (No emissions)
- Solar energy is available in abundance (In India, the daily Solar Potential is equal to Annual energy requirement)
- It reduces dependence on conventional sources (coal, gas etc.)
- The solar radiation comes for free
- It helps reduce the import bill
