

Best Practice 1

1. Title of the Practice: -

“Bridging Academia and Industry: Empowering Students through Internship Programs”

2. Objectives of the Practice: -

- **Enhancing Practical Knowledge:** It provide students with opportunities to apply theoretical concepts learned in classrooms to real-world situations, thereby enhancing their practical knowledge and skills.
- **Preparing for the Job Market:** It equip students with the necessary industry-specific skills and competencies that make them more employable and job-ready upon graduation.
- **Building Industry Connections:** It facilitate networking and professional relationship-building with employers and industry professionals, expanding students' industry connections and potential career opportunities.
- **Promoting Career Exploration:** It offer students the chance to explore different career paths and industries, helping them make informed decisions about their future career trajectories.
- **Developing Soft Skills:** It encourage the development of essential soft skills such as communication, teamwork, problem-solving, adaptability, and time management through practical workplace experiences.
- **Promote Personal Growth:** It support students in developing self-confidence, independence, and a deeper understanding of their strengths and areas for improvement through reflective experiences.

3. The Context: -

It encompasses the symbiotic relationship between academia and the industry, recognizing the importance of preparing students for the real-world challenges and opportunities they will encounter in their chosen professions.

It includes the following elements:

- **Academic Curriculum:** Internship programs are strategically integrated into the academic curriculum to provide students with hands-on experiences that complement their classroom learning.
- **Collaboration with Industry Partners:** It establish collaborations and partnerships with various industries, businesses, and organizations to offer students meaningful and relevant internship opportunities.

ACADEMIC SESSION 2022-2023

- Student Career Development: The focus is on preparing students for successful careers by equipping them with industry-specific skills, professional knowledge, and soft skills that are highly valued in the job market.
- Supportive Mentorship: Interns are provided with mentorship and guidance from experienced professionals, helping them navigate their internship experiences and optimize their learning.

4. The Practice: -

- Institute and its concerned departments circulate notices (from AICTE, etc.) to the students for acquiring internship, professional practices of relevant to technical subject and motivates the students to apply such training and learning environment according to subject area, content and project work.
- Prepare list of students for internships depending on required functional knowledge and soft skills and encourages interns to be proactive, positive team players during internships.
- Students also believe that internships are more valuable than their regular courses and are helpful in shaping their future career path and improving their job opportunities.
- Students actively participate in the internship training and submit the certificate to concern department after completing internship.

5. Evidence of Success :-

Best Practice 2

1. Title of the Practice: -

"Fostering Holistic Development through Student Club Activities"

2. Objectives of the Practice: -

- The objective is to create a conducive and enriching environment within the institution that nurtures students' overall growth and well-being.
- The primary aim is to ensure that student club activities go beyond just recreational pursuits and serve as a platform for students to develop holistically in various dimensions of their lives.
- The ultimate objective of this best practice is to foster an environment where students are encouraged to embrace their individuality, explore their potential, and grow into well-rounded individuals capable of contributing positively to society. By providing a variety of enriching club activities, the institution aims to shape students' characters and experiences, enhancing their overall educational journey and personal development.

3. The Context: -

It recognizes that students' experiences in college should not be limited to classroom learning alone. Instead, it acknowledges that students' holistic development is equally important and can be enhanced through diverse co-curricular and extracurricular activities, including participation in student clubs.

It includes the following elements:

1. Personal Growth and Exploration: Students are at a critical stage of self-exploration and self-discovery. Student club activities provide a platform for them to explore various interests, hobbies, and passions beyond their academic disciplines.
2. Complementing Academic Learning: It complements the academic curriculum by offering opportunities for students to develop essential life skills, leadership abilities, and social competencies.
3. Learning Beyond the Classroom: It emphasizes the importance of learning experiences that extend beyond the traditional classroom setting. Through student club activities, students gain practical experiences, build relationships, and apply theoretical knowledge in real-world situations.
4. Campus Community and Culture: Student club activities contribute to building a vibrant campus community and fostering a positive institutional culture. It encourages inclusivity, collaboration, and a sense of belonging among students.

Managed By Anjuman Hami-E-Islam, Nagpur

ACADEMIC SESSION 2022-2023

5. Preparation for Life and Career: It aligns with the larger goal of preparing students for their future careers and life beyond college. The skills and experiences gained through club activities enhance their employability and adaptability in an ever-changing world.

4. The Practice: -

Along with emphasis on academic accomplishment, students are motivated to enrich their potential in other aspects based on their passion. We have a total of 10 clubs to determine and identify the areas of interest to help the students improve on it. This helps in making the students more versatile and efficient. The various clubs which have been started are Tech-Mech Mania Club, Talent-Hunt Club, Aastha club, Techizz Club, Arts Club, Techno Club, Web-Mania Club, Painting Club and Eloculet Club.

To name a few events conducted by the clubs, Mechathon was conducted through Talent-Hunt club, Cadveer was conducted by the Tech-Mech Mania club.
