Industrial visit has its own importance in a career of a student who is pursuing a professional degree. It is considered as a part of college curriculum and objectives of industrial visit is to provide students an insight regarding internal working of companies. We know, theoretical knowledge is not enough for making a good professional career. With an aim to go beyond academics, industrial visit provides student a practical perspective on the world of work.

**REPORT**

A webinar on "TRENDS AND OPPORTUNITIES IN INDUSTRIAL ROBOTICS AND AUTOMATION" was organized for all the students by Department of Electrical Engineering, Mr. Anil Tatode Training Officer, Dept of Robotics & Cloud Technology, RTMNU were the Resource Person. He explained the students about how Industrial robots are automatically controlled, reprogrammable and multipurpose manipulator machines. Typical applications of industrial robots include welding, painting, ironing, assembling, pick and place, palletizing, product inspection, and testing, all accomplished with high endurance, speed and precision. Industrial robots carry out tasks that are repeatable and save human labour. Also live Experiments were shown to the students. Students gained knowledge about Industrial Robots and automation, informative session were delivered.

Dear Sir,

It was a great privilege to have you as the "SPEAKER" on the occasion of webinar on "PROTECTION OF TRANSFORMER" conducted on date 12<sup>th</sup> July, 2020 at Anjuman College of Engineering & Technology Nagpur. We are immensely thankful for your precious time, from your extremely busy schedule to make our event an ostentatious success. Indeed, your valuable sharing of experience in the technical field will go a long way to help and guide the participants and our graduating students to address challenges in the field of electrical engineering.

We look forward for your similar cooperation in day to come.
